## TOPIC - UNSEEN POEM

Q-1 Read the poem carefully and answer the questions that follow.
As we move, as we move in the train,
The trees and the houses go wheeling back.
But the starry heaven above the plains,
Come flying on our track.
All the beautiful stars of the sky,
The silver doves of the forest of Night,
Over the dull earth swam and fly,
Companions of our flight.
We will move on without fear,
Let the goal be far, the flights be clear,
For we carry the Heaven with us, dear,
While the earth skips from our feet !
