WINTER HOLIDAY HOMEWORK (2021-22)
CLASS-IV

Dear Parents,

It is winter vacation time again, a time to relax as well as fruitfully occupy the children in various scholastic and co-scholastic areas. Keeping this in mind, our teachers have painstakingly designed interesting Projects / Assignments for children to be completed during the winter vacation. This would encourage in-depth learning, strengthen concepts and prepare ground for improved academic output. As parents, kindly motivate and lend support to your children and ensure that they complete the given work well-in-time and to the best of their ability. Your encouragement can actually make a huge difference to the ultimate learning outcome of these projects. We would be happy if parents encourage children to work on their own.

Let these assignments / projects be fun filled so that learning is always a pleasurable activity for our young children. We look forward to your co-operation.
