Care of Self

"Any child who is self-sufficient, who can tie his/her shoes, dress or undress himself/ herself, reflects in his/her joy and sense of achievement, the image of human dignity which is derived from a sense of independence"

They not only help the child gain independence, but they lay a neurological foundation for advanced skills involving coordination, concentration, abstract thinking and overall executive function.

In the preliminary exercises, the child learns the basic movements of all types such as pouring, folding and carrying. With this aim, we have planned out activities during the summer vacations that can assist our little students in their overall physical and mental development.

- **Brush your teeth twice a day.**
- **Trim your nails regularly.**
- **Take a bath every day.**
- **Wash hands properly before and after every meal. Learn how to zip your school bag.**
- **Learn how to wear pair of shoes and shoe laces and socks.**
- **Learn how to button and unbutton the shirt.**

BEING GOOD

Teaching manners helps for the kindness and a sense of community. By practicing proper manners and etiquettes your child will learn to appreciate others more, be pleasant to be with and likely develop into a positive adult. Teaching manners isn't difficult if you put into practice early and reinforce polite behavior's daily. Let's share some tips to make these holidays a fruitful and happy period for them.

- Help your child inculcate good habits like doing 'Surya Pranam' & encourage him / her to greet all elders in the morning.

- Use 4 magical words : **PLEASE, SORRY, THANK YOU, EXCUSE ME** as the part of basics of good manners.

- **Learn to listen.**

- **Gently care for animals.**

- **Sow a plant in a pot and give water.** Inculcate knowledge about plants and trees. Explain to them that they are an integral part of their growing up.

- Have at least two meals together with your children. Teach them the importance and hard work of the farmer and ask them not to waste their food.

- Let them take their own plates after every meal and wash them. Children learn **dignity of labor** from such activities.
